Office 365 OneDrive in English

By default, Epedu365 OneDrive is in Finnish. With these instructions you can change the language to English. Follow these steps:

- Open your personal OneDrive folder
- Select the gear icon from the top left toolbar
- Select “Sivuston asetukset”, this means “Site settings.”

- Find the option called “Kieliasetukset”, this means “Language settings.”
- Add English with the check box

- Scroll down and hit OK

- After this your OneDrive is in English
